

## **IPLOCKS Appoints Jane Zhu as Vice President of Engineering**

SAN JOSE, Calif. – March 7, 2007– IPLOCKS™, whose award-winning software *Keeps Data Safe* for companies around the world, today announced the appointment of Dr. Jane Zhu as Vice President of Engineering. Zhu is responsible for leading all aspects of product development and product support at IPLOCKS. She brings with her more than 15 years of leadership experience in enterprise software and application development. Zhu reports to IPLOCKS Chief Operating Officer, Alan Shoap.

Dr. Zhu most recently served as Vice President of Engineering for Borland where she led significant and rapid expansion of their Requirement Definition and Management product line, and Application Middleware product line. Prior to Borland, Dr. Zhu held senior management positions at both Crescendos and Compuware. In these roles, she was instrumental in the creation of next generation of service center application and network application monitoring technologies.

Dr. Zhu holds a B.S and an M.S. in Computer Science from Shanghai Jiao Tong University, a Ph.D. in Operations Research from Kansas State University.
