

IPLOCKS and TES Unite to Deliver Data Security to Businesses in Turkey

Reseller Agreement Furthers IPLOCKS Global Growth Strategy

San Jose, Calif. and Ankara, Turkey – October 1, 2007– IPLOCKS™, whose award-winning software is *Keeping Data Safe* for companies around the world (www.iplocks.com) and TES Group, a leading provider of enterprise software solutions for businesses (www.tes.com.tr), today announced a reseller agreement. The contract enables TES to provide its customers with complete compliance and database security solutions using IPLOCKS vulnerability assessment, compliance, and privacy/security tools.

“Keeping data safe is crucial to our customers,” said Sevket Civelek, CEO, TES Group.

“IPLOCKS software addresses data breach, fraud, and identity theft concerns by assessing databases for vulnerabilities. After the assessment and database hardening, data is protected with highly automated monitoring and auditing tools that ensure policy compliance.”

IPLOCKS launched its international channel program in Europe earlier this year and has been aggressively selecting partners in strategic, high growth geographic markets. The program includes resellers and distributors in key South American, European, Asian and Middle Eastern regions.

“TES is key security solutions provider for all business segments,” said David Mills, Vice President of Sales, IPLOCKS. “Their expertise in data security and recognition for excellent service, combined with IPLOCKS popular software provides organizations with a superior opportunity.”
